

TOWN OF YORK
WATER & SEWER CUSTOMERS

We are aware of the printing issues with the recent water bills and apologize for the inconvenience. The cardstock we received was not the usual material, causing the current difficulties.

If you are unable to read the water bill or if you have yet to receive one, please contact us and we can certainly verify your account.

As a reminder, water and sewer payments for this quarter are due by April 30, 2025.

Again, we are very sorry for the inconvenience.
