7. Criteria for AREA Variances. The ZBA may grant an area variance only upon a finding that a practical difficulty exists. Please respond to the following statements.

- a. **Public Safety and Welfare.** Will the granting of a variance create an undesirable change to the character of the neighborhood or be a detriment to nearby properties?

no

- b. **Alternate Options.** Can the benefit sought by the applicant be achieved by some other method, feasible for the applicant to pursue, other than an area variance?

Don't want to move it 15' from the line because I would be blocking entrance to my shop

- c. **The degree of variance.** Is the requested area variance substantial?

I'm hoping to be 5' or 6' from the property line.

- d. **Level of effect.** Will the requested variance have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district?

no I don't believe that there would be any adverse effect.

- e. **Not Self-Created.** Is the alleged difficulty self-created?

yes but hope the board will consider this variance.

The ZBA, in granting an area variance, shall grant the minimum variance that it shall deem necessary and adequate and at the same time preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

8. Criteria for USE Variances. A Use variance is issued to permit a use that is otherwise not permitted in the existing zoning district. The ZBA may only grant a use variance upon a showing by the applicant that applicable zoning regulations and restrictions have caused an unnecessary hardship. Please respond with regard to the following criteria. In addition, a use variance request shall include a plot plan drawn to scale detailing the specific use and improvements proposed by the applicant. The applicant must demonstrate all the following criteria to obtain a use variance.

- a. **Unreasonable Current Zoning Designation.** Describe how the applicant, without a use variance, cannot realize a reasonable return, provided that lack of return is substantial as demonstrated by competent financial evidence. Can the property be reasonably used for any purpose permitted in the zoning district without the use variance?

no

- b. **Unique Circumstances.** Describe how the alleged hardship relating to the property in question is unique and does not apply to a substantial portion of the district or neighborhood. What are the circumstances or conditions peculiar to the subject property that are not generally applicable in the area or to other properties in the same zoning district?

- c. **Character of the Area.** Describe how granting of the requested use variance will not alter the essential character of the neighborhood. Take into consideration the established type and pattern of land uses in the area as well as the natural characteristics of the site and surrounding area when evaluating this criteria.

- d. **Not Self-Created.** Describe how the alleged hardship has not been self-created. Are there special conditions or circumstances related to subject property that make the variance request necessary and which have not been created by or resulted from the actions of the applicant or the applicant's predecessors?

The ZBA, in granting a use variance, shall grant the minimum variance that it shall deem necessary and adequate and at the same time preserve and protect the character of the neighborhood and the health, safety and welfare of the community.
